

Red Cross Chapter Roll Call For 1938

The Human Measure of Membership value between July 1, 1937 and June 30, 1938—The American Red Cross.

Rescued, clothed, housed and fed, and gave medical nursing, and rehabilitation aid to 33,000 persons afflicted by 102 floods,

storms and other disasters in the continental United States. Extended service has been given to war veterans and their families.

continuous campaign against injury, and death in the water, on highways, on farms, in factories and in the home, have been carried on by Red Cross workers.

Cooperation has been given physicians by public health nursing, and over 600,000 school children have been examined for physical defects.

Over 55,000 women and girls have been trained for work in the home caring for those who are ill.

Thru the Junior Red Cross, interest has been stimulated in over 8,600,000 school children, in health education, character building, and international correspondence directed toward better understanding and peace among nations.

Thru the unselfish labor of volunteers, 520,000 garments for disaster victims and others in need have been provided; 4,550,000 surgical dressings for hospitals have been made, and over 720,000 pages of reading matter in Braille for the blind has been given out.

Above is a brief synopsis of work done in a general way, from Headquarters funds, but local communities also receive their bit from their share of memberships.

In 1938 Crawford County Chapter furnished Mercy Hospital with material and equipment for Blood Transfusions. Assistance was given the project carried on by the Womans Club of furnishing milk to the undernourished children of Grayling schools. Materials and text books have been purchased for operating two first aid stations on U.S. 27 and classes will start very soon. Materials for layettes have been furnished and given out, and with the assistance of the Boy Scouts

a First Aid Station was maintained at the Winter Sports Park.

Crawford County Chapter this year lost a faithful worker, when the Grim Reaper called Honorary President Chris W. Olsen, but others will carry on.

President Helen Clippert, Chairman of 1938 Roll Call, has appointed her workers and, as in 1937, a house to house canvass will be made. She has also called a meeting of all workers and others interested to be held at her home, at 2:30 p. m., Nov. 2nd. Tea will be served.

The annual dues for Membership are \$1.00 or more; of this only 50c goes to Headquarters. On donations of less than \$1.00, half remains in funds of the local chapter.

The membership for 1937 was most gratifying; an enrollment of 208 members. From 23rd place in 20th Roll Call 1936, it jumped to 7th place in 21st Roll call, 1937.

Won't you help put up this record by joining again when workers for 1938 call upon you? And won't you come to the meeting at Mrs. Clippert's home, 2:30 p. m., Nov. 2nd.

Please respond.

FORMER GRAYLING RESIDENT PASSED AWAY

Frank Lesperance, age 78 years, and a former well known resident of Grayling passed away at the home of his daughter Mrs. Ernest R. Woodburn in Dearborn, Thursday morning, following a lingering illness.

Mr. Lesperance was born in Stony Point, Ont., July 21, 1860 and came to Bay City when he was about 20 years old. In 1884

he was united in marriage to Susan Stone, and they resided in Bay City for several years, later moving to Lewiston. Lumbering was at its height in the north country and Mr. Lesperance worked for lumbering firms in Lewiston at that time. The family came to Grayling in about 1905 and in 1915 they left for Bay City, where Mrs. Lesperance passed away in December, 1917. For the past 18 years Mr. Lesperance had resided in Dearborn.

The deceased a fine old gentleman, was known for his integrity in all matters, and he will be sadly missed from the family circle. Surviving are one son and three daughters, Louis Lesperance, Mrs. Julia Johnston, and Mrs. H. O. Scarlett, Detroit; Mrs. E. R. Woodburn, Dearborn, and five grandchildren.

Funeral services were held Saturday afternoon from the Howe-Peterson Funeral Home in Dearborn with interment in Long View cemetery. Among friends present at the last rites were many former old Lewiston and Grayling friends, who now reside in Detroit; also Mr. and Mrs. Einer Rasmussen, Marlette; Mrs. L. Fox and daughter Grace; Mrs. Louis Pelletier, Mrs. Joseph Letzkus, Bay City; Mrs. Wilfred Laurant, Miss Odie and Reginald Sheehy, Grayling; John Hodge and Ted Ponsner, formerly of Grayling and Lewiston respectively, were among the pallbearers.

He Who Has No Sorrows
"He who claims to have no sorrows," said Hi Ho, the sage of Chinatown, "will have the secret troubles that beset the soul of one who permits himself to become a stranger to truth."

More Deer Than Ever Before

This will be glad news for hunters.

That there may be more deer in Michigan now than at any previous time in the state's history is indicated by results of census counts made in recent weeks by department of conservation officers with assistance of CCC enrollees.

I. H. Bartlett of the department's game division discusses some recent findings in a booklet just published and which is to be distributed among deer hunters during coming weeks. Present estimate of the size of the state's deer herd is approximately 1,175,000 and last year's reported kill by 157,349 licensed hunters was 40,637.

The pamphlet presents no conclusion other than that the increase in numbers of deer in certain territories is manifesting itself in a marked shrinkage of available food for deer. The history of the deer herd in Michigan, since the first white occupancy of the territory, is sketched.

Increase in numbers of deer, Mr. Bartlett shows, is linked with the more efficient protection against forest fires which, in recent seasons, has greatly reduced the acreage burned over.

MISS BETTY WELSH COM- PLIMENTED

Mrs. Frank Barnett and daughter Elizabeth Ann, were hostesses to some 20 ladies Tuesday evening, at a linen shower for Miss Betty Welsh, who will become the bride of Mr. Douglas R. Stirling of Saginaw, Saturday.

The ladies made dusters and pot holders during the evening, until later when interest was centered on the bride-elect as she opened her beautiful shower gifts. The hostesses served a delicious buffet lunch from a simply decorated table, covered with a white lace cloth, and centered with a large single red rose. Miss Kraus and Miss Gale Welsh poured.

WARNING NOTICE TO HAL- LOWE'EN FRANKSTERS

Several complaints have come to me about Hallowe'en rough stuff that is going on in Grayling. We want everyone to have a good time and enjoy himself but under no consideration will disturbance of the peace or the damaging of property be tolerated. Anyone caught in the act of committing any of these acts will be prosecuted to the full extent of the laws.

Parents can be of much assistance by instructing their children accordingly.

Grayling Chief of Police.

Bread Baked in Capitol
During the Civil war soldiers were quartered in the Capitol and bread was baked in the basement.

Proclamation:

WHEREAS, Navy Day will be observed throughout this nation on Thursday, October 27th, for the purpose of honoring the personnel and officers of our country's sea forces who stand ready to defend our land and institutions against invasion and aggression by unfriendly powers and influences, and to pay tribute to the memories of those who, since the establishment of our Navy of Act of Congress in 1775, have ever been ready in the national defense, many of them laying down their lives in the performance of their patriotic duties; and

WHEREAS, that day will also be nationally observed as the anniversary of the birth of "The Father of our Modern Navy," Theodore Roosevelt, who brought sharply to our people the need for an adequate defense by sea; and

WHEREAS, this nation always has been foremost in giving of its wise counsel for the preservation of world-wide peace, and today desires nothing more than the continued peace of the entire world, proposing to meddle not in the affairs of other nations and maintaining only its right to protect its own borders, its institutions and its people and their liberties.

THEREFORE, be it resolved that I, George Burke, Mayor of the City of Grayling, Michigan, by the virtue of the authority vested in me by law, do designate Thursday, October 27th as Navy Day, so to be observed and celebrated in this community by the appropriate display of the national colors, and by means of such programs and patriotic meetings and readings as may be arranged to commemorate the occasion.

George Burke, Mayor of Grayling, Michigan.
This 22nd day of October, One Thousand Nine Hundred and Thirty-eight.

(SCHOOL NEWS)

Hallowe'en Party

With Hallowe'en coming on Sunday night this year the annual party given by the School has been set ahead to Saturday, Oct. 29th. This party, in recent years has become one of the highlights of the school year and this year's party bids fair to continue the precedent.

The program opens at 7:00 o'clock in the High School auditorium with a real old movie thriller, "Shoot'n Injuns." Fire-works enough, of the routin', tootin', variety to suit the most exacting are guaranteed and we understand this is to be followed by a reel of comedy.

Following this the Grayling children will really come into their own when the amateur acts get under way. That there is a great deal of talent among the students was demonstrated last year and this feature bids fair to be the most popular one on the program.

Costume parade did you say? Certainly! Come prepared to make this year's costume parade the biggest and best of all. All ghosts, goblins, witches, and any other spirits that run loose Hallowe'en night should be in attendance and each will be given a chance to win the prizes which are being offered for the best and most original costume.

Then there will be contests of various kinds to amuse those in attendance. All in all it promises to be a large evening.

For those students who prefer a quieter time a dance will be given in the gymnasium starting as soon as the other program has been completed. There is no charge for the party and all children are invited. Suitable prizes will be awarded the winners of all events.

At the Teachers Institute held October 13-14, at Saginaw, Miss Eleanor Tumath, local Home Economics Teacher, had the honor of being elected chairman of the Home Economics division for the coming year. This is an honor of which the school and community of Grayling may well be proud.

In an effort to raise money for the class treasury, the Juniors have undertaken a magazine selling campaign. The class has been divided into groups and the contest is well under way.

The Juniors are beginning work on their play "Aunt Susie Shoots the Works." It is a mystery dealing with the antics of an eccentric old aunt who inherits a sausage works. Announcement will be made later as to the date of presentation but the Juniors hope to produce it shortly before Thanksgiving.

A masquerade Hallowe'en party was given by the 9th Grade Home Economics girls Tuesday night. Miss Hane was guest of the club and helped in choosing the costumes. Joyce Bugby, dressed as a witch, was chosen as having the cleverest costume, and Mildred Craft, dressed as a bum, was chosen as having the funniest costume.

Ducking for apples, pinning the tail on the cat, and fortune telling was the entertainment planned by the hostesses, Eleanor Bugby, Faye Christenson, Gloria Mortenson and Joanne Montour. Monday night the 8th Grade Home Economics girls had a Hallowe'en party. Monica Brady and Alma Bidvia dressed as pirates; Jean Stevenson and Shirley Young dressed as gypsies were in charge of the party.

The Home Economics club met Tuesday night with twenty-eight members present. Mrs. Burrows gave a very interesting talk on "Cosmetics and How to Use Them." The club plans to study the food, dress and customs of several foreign countries and will study Denmark at the next meeting which will be November 15th.

Roman Banquet

Tuesday night the members of the Latin classes met in the Scout room to participate in a Roman banquet. Turning the time back 2000 years, everyone was dressed in Roman togas. The food, consisting of olives, tuna fish, honey, cold meat, rolls, beans, fruits and cakes, was served by the second year class. After the meal was through the first year class gave speeches on Roman dress, sports, homes and theaters. The banquet was greatly enjoyed by everyone, and they hope to have another before the end of the year.

MISS MARIE SCHMIDT WEDS DETROIT MAN

Miss Helen Marie Schmidt, daughter of Mr. and Mrs. Holger C. Schmidt became the bride of Mr. Wilfred Langlois in Detroit Saturday. The ceremony was solemnized that evening at the Church of Our Father, where the bride and her twin brother Howard are members of the Choir. Rev. Record, pastor, officiated. Attending the bride was Mrs. H. Moss and the groom was assisted by Mr. James Land.

The bride was attired in a beige suit with which she wore brown accessories, and her corsage was pink and yellow rosebuds. Following the ceremony a reception was tendered the wedding party at the home of Mr. and Mrs. Howard Schmidt, 11750 Martindale avenue. A pretty arrangement of white beehives, guarded by four white tapers, decorated the lunch table.

The bride is a graduate of Grayling High school and studied music at the School of Music at the University of Michigan for two years. She was popular in music circles in Grayling, her rich voice delighting many local audiences.

Mr. and Mrs. Langlois are at home at 3787 Webb street, Detroit. Hosts of Grayling friends extend congratulations and best wishes.

O. E. S. GAVE BENEFIT CARD PARTY

Twenty-five tables were in play at a benefit card party given Thursday evening at the Masonic Temple by the ladies of the Eastern Stars.

Every kind of game was in play during the evening. Pin-ochle, hearts, rummage, and bridge seemed to be the popular ones.

Prizes were won at each table. Lunch was served by a committee from the organization. No doubt the ladies will be giving more of these affairs.

In an effort to raise money for the class treasury, the Juniors have undertaken a magazine selling campaign. The class has been divided into groups and the contest is well under way.

C of C Membership Assures Success

At a meeting of the Board of Directors of the Grayling Chamber of Commerce Tuesday evening organization plans were set up and many details outlined and discussed to make this year's organization a successful one. The appointment of the necessary officers is now having the attention of President Harley Russell, and with the collection of the membership dues the Chamber of Commerce is ready to embark on the program plans for the year. Because of the fact that A. J. Joseph has consented to head the membership drive, his resignation as treasurer was accepted, and Alfred Hanson was duly elected to this office. Likewise, the resignation of Clarence Gross as secretary was accepted, and Farnham Matson was elected secretary temporarily to fill this vacancy.

The hearty response being accorded the membership drive by the active Grayling Chamber of Commerce is an encouraging sign of the merchants and community's interest and their concern for the welfare of this worthy organization. This reception is very satisfying to the Board of Directors, and it provides further enthusiasm to them to carry out a worthwhile program, which Grayling and the business interests need—the fulfillment which is entirely contingent upon the financial response and the support of the merchants and the citizens.

The membership committee headed by A. J. Joseph has kept very busy the past few days receiving the many renewal collections and new membership dues, and the low annual dues instituted has had very favorable comments. Such a low rate is an inducement for each and every merchant and citizen who believes in the community to join and respond to the Chamber of Commerce movement. We are all working to place Grayling before the public so let's do a good job of it and join the Chamber of Commerce now and have united action.

William Penn on Education

William Penn, founder of Pennsylvania, is dead more than 200 years, yet what he had to say is often as fresh and vital as though he talked today. "That which makes a good constitution," he once stated, "must keep it, namely, men of wisdom and of virtue; qualities that, because they descend not with worldly inheritance, must be carefully propagated by a virtuous education of youth, for which spare no cost, for by such parsimony all that is saved is lost."

COSTS LESS TO OPERATE—IS MORE EFFICIENT THAN OTHER FORMS OF AUTOMATIC HEAT

Natural gas, manufactured gas, oil and coal all have strong points as fuel for automatic heat. But coal demonstrates an outstanding superiority over all other fuels when used in a STOKOL automatic stoker. It gives the least expensive, most efficient automatic heat available anywhere. STOKOL burns inexpensive sizes of coal, and burns them scientifically—no soot, dust or ashes. It is available in both hopper and bin

NAVY DAY

Battleships float and sailors climb ropes—but here are a few things you never knew about your United States Navy!

Each ship has its sick bay. Above is the dispensary on the U. S. S. Salt Lake City. Running this part of the navy is the medical corps, which also takes a leading hand in health measures in Uncle Sam's outlying possessions.

The farmer feeds the navy. Here are stores being taken aboard the U. S. S. Houston in Chefoo, China. Thanks to advances in storage and preservation of food, sailors no longer must exist on smoked and pickled meats, dried vegetables and hard tack.

Thanks to the navy, America's clocks are kept on time. At the naval observatory in Washington is the "X" which marks the spot of zero longitude and zero latitude for all official measurement in the United States. Twenty times daily, time signals are broadcast from the observatory.

Lansing—The current Nazi spy scare is almost an echo of the C.I.O. sit-down strikes last year in Michigan.

From the lips of Jacob Spolansky, Wayne county criminal investigator, comes a dramatic tale of how Communists "completely dominated the C.I.O. situation in Detroit" and how agitator spies engineered the sit-down strikes in leading automobile plants.

Spolansky, a witness before the Dies congressional committee investigating un-American activities, is a former G-man who participated in the deportation of 150 Communists. Dies submitted testimony showing that the sit-down technique had been introduced into Italy and France by Communists. Substantiating Spolansky's statement was testimony by William P. Gernaey of Detroit, a former Communist leader, that in 1935 Communists were instructed to join mass organizations, trade unions and church groups, for carrying on of Communist activities.

Legionnaires

Nearly every city and town in Michigan has a post of the American Legion, World war veterans who are united in unyielding opposition to subversive isms.

At the state capitol hundreds of Legionnaires were employed at Oldsmobile, Reo and Briggs plants when the sit-down epidemic hit the town. Hence it is not surprising to relate that every move of Communist agitators, who had bored into the C.I.O. ranks, was known within 24 hours to Legion leaders.

The Law and Order League was formed to mobilize public opinion in support of law enforcement.

The row in the ranks of the U.A.W. was precipitated, according to Homer Martin, its national president, by Martin's determination to purge the union of Communist influences. And so the jig-saw puzzle of history begins to fit together.

Milk Price-Fixing

Price fixing of milk is the legislative objective of a committee of 35 persons, just appointed by Governor Murphy. The committee comprises representatives of milk producers, distributors and consumers, together with spokesmen of the A. F. of L. and C.I.O. and state officials.

This action was taken on the heels of an announcement by the United States department of justice that no grounds existed in Detroit for action in federal court on charges of antitrust law violations. Investigators found that the Detroit milk situation is highly competitive to the extent that milk prices were lower than in most large cities. In a press statement the governor deplored the fact that many persons in Detroit cannot afford to buy milk, while at the same time he asserted that milk producers must receive higher prices at the farm.

Juggling the interests of the two—the dairyman on the farm and the consumer in the city—would be accomplished through a price-fixing state commission, created by the legislature. This acrobatic act in economics would be worth watching.

Tax Increase

From the office of Budget Director Harold Smith has come the long-awaited analysis of Michigan state finances for the fiscal year ending June 30, 1938. Despite a \$2,000,000 decrease in the sales tax, the state collected \$4,500,000 more taxes than in the year before. The deficit was \$8,741,487.

The state paid out an over-all total of 223 millions of which local governments got 96 millions. Here is where the money went:

For Highways—\$54,998,537.
For Education—\$54,238,952.

"Who Is Kelly?" He Is a Fine, Outstanding Sample of American

By J. B. HASKINS, Sec'y.
Republican Newspaper League of Michigan

DETROIT—Down here in Wayne County people do not ask "Who is Kelly?" That question is framed by persons residing outstate not familiar with the man or his record. Harry F. Kelly is the Republican nominee for Secretary of State. His nomination came as a surprise even to himself. But that he is qualified, able, sincere and loyal no

Reading from left to right—Lawrence, Mrs. Harry F. Kelly, Brian, one of twins; Roger, Joanne, Mr. Kelly, Harry F., Jr., the other twin.

one can deny and the folk who know him best acclaim his many fine qualities.

Mr. Kelly is 46 years of age, and heads a happy family, the group portrait of which is given here. In 1934 Mr. Kelly, a prominent lawyer of Detroit, managed Governor Fitzgerald's Wayne county campaign. In 1938 he managed the successful primary campaign for Fitzgerald. For 14 years prior to this he occupied a prominent place in Wayne county and Detroit Republican councils. In civic life and veteran affairs of state and nation Mr. Kelly is well known. During the World War he served with distinction with the Second Division, A. E. F. He lost his right leg in action on the western front

praised by Hon. Harry S. Toy, prosecutor. His honesty, integrity and ability as exemplified in cases both civil and criminal has resulted in the unanimous commendation of all the Circuit and Records court Judges in Detroit. He attended Notre Dame university law school, has served as an officer of the Notre Dame national alumni. As Secretary of State, Mr. Kelly will bring intelligence of a high order to state affairs. He has an engaging personality, is friendly, able, sincere and stalwart. He has Michigan-wide interests and will himself direct the affairs of the important Department of State. His broad experience will make him extremely valuable on the Administrative Board.

For Welfare—\$38,309,854.
For general expenses of the state government—\$5,554,309.

For health and hospital services—\$14,418,365.

For prisons, probation and parole—\$3,179,893.

For conservation and agriculture—\$3,304,301.

For business and professional regulation—\$3,749,622.

For public safety and defense—\$1,607,009.

For general aid to local governments—\$4,811,256.

For interest on debt—\$6,239,039.

Unemployment Checks

Approximately 275,000 persons in Michigan have been receiving jobless compensation checks from the state unemployment compensation commission out of quarterly taxes paid by 16,000 employers.

The scope of this phase of the social security setup is fairly breath-taking. Up to Oct. 14, a total of 1,643,000 checks had been made out and mailed to beneficiaries for an average weekly amount of \$14.54.

Employers' taxes for the quarter ending Oct. 1 will bring nearly \$10,000,000 into the state fund which is expected to be restored to the \$50,000,000 mark.

The Emerald Isle

The Black Forest is not black, nor is the Blue Danube blue, but the Emerald Isle is green from the glens of Antrim to Killarney except, as the Irishman says, where it is invisible green.

Fingers Before Forks

At meals in Arabia there are neither knives nor forks, eating being done with the right hand. In time, one develops the knack of forming the incredibly hot rice which the Arabs serve into artistic little balls, and if one is particularly skillful one manages it without burning the fingers.

CASH CROP

New Gloucester, Maine, which recently had a bad woods fire, once gave up the secret of successful farming to a visiting reporter who was entertained on a prosperous looking place.

"We raise all our own vegetables," said the farmer, "and most of our meat, eggs, milk and fruit, all right here, and cut our fuel in the woodlot."

"But what's your cash crop?" the reporter asked.

"We'll," said the old man, "in the fall, when everything's laid by, I get around some, and I do pretty well at the trotting races."—Boston Globe.

It Never Forgets

One of the fine team of elephants at a traveling circus developed a bad cough, and the keeper, after taking counsel with the local vet, decided to dose the animal with a bucket of water into which a whole bottle of whisky had been poured.

The following day the proprietor of the circus met the keeper and inquired after the animal.

"And how is Sally this morning?" he asked.

"Sally?" replied the keeper. "Oh, she's just the same! But all the other elephants are coughing now!"—Answers Magazine.

Just an Argument

The argument raged among a surgeon, an architect and a politician. The question: Whose profession is the oldest in the world?

"It was a surgical operation when Eve was made from Adam's rib," boasted the surgeon.

"Yes," returned the architect, "but before that order was created from chaos, and that was an architectural job."

"Well," broke in the politician, "somebody must have created the chaos!"—Washington Post.

Fifty-Fifty

A man had set up in business selling rabbit pies. One day a friend called on him and said: "John, how is it you are able to sell your rabbit pies so cheaply?"

"Well, I put a proportion of horse-meat in with the rabbit," explained John.

"How much horse-meat do you put in?" asked his friend.

"Oh, fifty-fifty," replied John. "One horse, one rabbit."—Tit-Bits Magazine.

ANOTHER CHANCE

Bride (sobbing)—Look how the rain is pouring down on my wedding day.

Bridesmaid—Don't cry, dear; next time it will probably be clear and bright.

Noisy

An agent was showing a prospective tenant over a small cottage, and explained that he required a quiet family.

"Have you any children?" he inquired.

"No!"

"Have you a piano or wireless?"

"No."

"Do you play any musical instrument?"

"No, but my pen scratches sometimes."—Tit-Bits Magazine.

My, O My!

Molly had just arrived back from a char-a-banc outing.

"How did you enjoy yourself, Molly?" asked her grandma.

"O, it was all very beautiful, but you should just see the Devil's Gorge."

"My dear," reproved the shocked old lady, "you shouldn't speak like that of your friends. I expect the ride and the fresh air gave them an appetite."

SOMETHING MISSING

"So you met Smith at the dinner—how'd you find him?"

"Not half I expected."

"He must have left his better half at home."

Just Sew-Sew

"Oh, dear," said the young wife. "Willy is such a poor dresser! Half the buttons are usually missing from his clothes."

"Perhaps," observed the husband's aunt, acidly, "they aren't sewed on securely."

"That's exactly it," sighed the wife. "Willy's awfully careless about his sewing."

JOHN E. DOHERTY

CANDIDATE FOR STATE SENATOR

(28th SENATORIAL DISTRICT)

John E. Doherty was born at Belfast, N. Y. on a farm, September 26th, 1871. Finishing school at the Genesee Valley Seminary, Belfast, he came to Michigan in 1891. In 1892 he, with his brothers, J. M. and the late ex-senator, A. J. Doherty formed a partnership known as the Coleman Hardware and Furniture Co. In 1898 he sold his interest in the company to his brother, and in 1901 he moved to Clare, Michigan and entered into the furniture, undertaking, plumbing and heating business.

Having sold his furniture store in 1916, he has maintained the balance of his business down through the years—his sons now manage the business but he looks after his real estate and insurance business which he has had since 1912.

Mr. Doherty is not a politician, but in the early part of the century he was elected city clerk for a number of years and has been a member of the Clare Chamber of Commerce ever since it was organized many years ago, and also is, and has been one of its directors during most of the time. Mr. Doherty has been a licensed funeral director and embalmer for 45 years and is a graduate of the Boston College of Embalming and also holds a N. Y. state license. He has a home at Clare and a summer cottage at Lake George, Clare County and also owns the old Clare County Savings Bank block at Clare and farming lands in Clare and Isabella counties. Mr. Doherty is married and has five children and ten grandchildren. His good wife is known for her work in the Red Cross and charities drives in Clare county. He is a conservative business man and takes much interest in expanding the tourist trade in the 28th District, improved black top roads in all rural communities, in conservation, educational financial support, rural electrification, a just monthly pension for the aged and infirm and relief for all worthy persons.

In legislative matters Mr. Doherty is interested in legislation to reduce present legal interest rate, a tax measure that will tax all income above \$2,000 per year, including all salaries of public officials and on all securities of state and nation that are now exempt from taxation. He solicits the votes of the electors on a straight business basis, regardless of politics.

His name will appear in the Democratic column on the November election ballot and your vote as well as your active support will be greatly appreciated. (Advertisement contributed by friends.)

A CHILD IN A HOSPITAL

By ANNE CAMPBELL

All day he rests upon a board,
That he may mend his shattered spine;
Yet his songs rise to praise the Lord
More often than do mine.

His heart is filled with gratitude
For this—a hundredth chance to live.
He does not question Fate, nor brood
On what Life could not give.

He has a smile for me when I
Visit the haven where he lies,
And I am calmed and strengthened by
The courage in his eyes.

Teach me, dear patient sufferer,
So when I come to you again,
In me this miracle may stir:
Bravery learned through pain!

THOMAS
PAINEWAS
NOT
AN
ATHEIST

Although Thomas Paine is often referred to as an American atheist, he was far from being such a person. He played a very important part in the founding of the American independent states, and did much to encourage the army of Washington by his now-famous composition "The Crisis," which began with these words: "These are the times that try men's souls." His belief in a God is evidenced by the words of none other than the bishop of Llandaff, who said to him: "There is a philosophical sublimity in some of your ideas when speaking of the Creator of the universe."

Election Notice

Notice is hereby given that a General Election will be held in the several townships and city of Grayling, County of Crawford, State of Michigan, at Town Hall and City Hall, within said Township and City on

Tuesday, Nov. 8, A. D. 1938

For the purpose of voting for the election of the following officers, viz:

STATE—Governor, Lieutenant Governor, Secretary of State, Attorney General, State Treasurer, Auditor General.

CONGRESSIONAL—Representative in Congress.

LEGISLATIVE—State Senator, Representative in State Legislature.

COUNTY—Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, Circuit Court Commissioner, 2 Coroners, Surveyor.

Notice is hereby further given, that at the time and places of holding the General Election, there will be submitted at said Election, Four Proposed Amendments to the Constitution of the State of Michigan, viz:

(Proposal No. 1)

Amendment to Provide for a Four-Year Term of Office for County Clerk, Prosecuting Attorney, Sheriff, Treasurer and Register of Deeds.

This amendment, if adopted, will provide for a four-year term of office for the above-named officers, to take effect January 1, 1939.

(Proposal No. 2)

Amendment to Provide for the Non-Partisan Nomination and Appointment of Supreme Court Justices for Eight-Year Terms.

This amendment, if adopted, will provide for the appointment of justices of the supreme court by the governor from names submitted to him by the judiciary commission, which commission shall be composed of one supreme court justice, one circuit judge, one probate court judge, three members of the state bar and three electors of this state not licensed to practice law.

(Proposal No. 3)

Shall the Constitution be Amended to Guarantee That Gasoline and Motor Vehicle License Taxes Paid by Motorists be Used for Highways, Roads and Streets.

Adoption of this amendment will require that all gasoline and weight (license plate) taxes collected from motorists for highway purposes continue to be used for such purposes. It does not apply to any other taxes. It does not grant any additional taxing power to the legislature, nor restrict its right to change the rates and methods of allocation of such motor vehicle taxes.

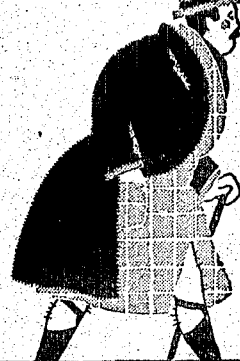

(Proposal No. 4)

Referendum on Act No. 257 of the Public Acts of 1937, Being an Act to Provide for the Transfer of the Administration of Certain Existing State Public Welfare and Relief Matters, Services and Duties to the State Department of Public Assistance Created by Said Act, and to Abolish the Various State Departments, Boards, Commissions, and Offices so Transferred.

The polls of said election will be open at 7 o'clock a. m. and will remain open until 6 o'clock p. m. of said day of election. Dated Oct. 8, 1938.

Yet most homeowners, we find, do not have insurance policies which fit present-day values and changing conditions. They are apt to have their home OVER-insured—the furnishings UNDER-insured. Because very few persons read and understand the provisions of their Insurance Policy, the deficiencies rarely come to light until after a fire, or other calamity. Then it may be revealed that the insurance was ill-fitted to cope with actual needs. Too much here—not enough there—just like the fellow with two overcoats and no trousers.

Feeling SORRY Won't
Bring a DEAD Child
BACK to Life . . .

Have you the courage to read this ad . . . or do you shudder at the gruesome thought suggested? No . . . we're not going to give you cold, stark, unfeeling statistics on how many children were killed in the State of Michigan last year. You know there was a child killed because a motorist was careless. And the man who killed that child says he would give his life to bring her back to life. He is a broken man today because this tragedy did not end with death to the child. It has cut deep . . . it has hurt and wrought havoc in the lives of many.

Are you a careful driver? Do you know the traffic rules and regulations? Above all . . . do you observe them . . . not just most of the time but ALWAYS? One slip can make you sorry for the rest of your life . . . can shatter your confidence . . . can bring grief and unhealing wounds to others. Please . . . please drive carefully!

The listening public is getting tired of campaign speeches. Each speaker presents his own side of the question whether he is telling the truth or not, and we may be assured that a lot of it is tommyrot and not worth the time it takes to hear it. Voters pretty well know already who they intend to vote for and all the speeches combined aren't going to change any opinions.

Clarence Barney, World war veteran, will be laid to rest with full military honors this afternoon, under auspices of Grayling American Legion Post No. 106. Mr. Barney passed away Thursday morning following a three weeks illness, at the home of William Kite. A veteran, he had been making his home at the Veterans camp at Hartwick Pines. The whereabouts of any relatives is unknown.

It looked as tho' winter had started in Northern Michigan last Saturday when heavy snow and windstorms struck the Upper Peninsula and northwestern Michigan. Sunday the weather calmed down considerably. Monday was overcast, chilly and considerable wind in this region. Gaylord and West Branch had light snow and a howling wind. Grayling escaped it. Tuesday it was clear and bright again with above normal temperature. October on the whole has been a delightful month.

Attention Kiwanians

Wednesday noon, October 26, at our luncheon a discussion was held regarding attendance. It was mentioned that the present method of acquiring attendance, by personal contact or telephone, was resentful and that the present system could not be kept up forever.

What would our public schools be if it were not for strict discipline on attendance? What would any fire department amount to if it were not for attendance? What would the army and navy amount to were it not for strict discipline on attendance?

If attendance is not one of the high-lights of Kiwanis I would like to be told what is. Kiwanians have motored to Grayling clear from Traverse City and other points, just to make up a meeting and thus do their part in holding up the attendance record of the club. During the last three months our club has an enviable record for attendance. I am very much in favor of "holding that line" in the manner which we have been doing. The man who resents being called up, no doubt, wants to miss a couple of meetings.

Respectfully submitted,
A KIWANIAN.

What About The Amendments

The Avalanche has published considerable about the fourth amendment, pertaining to the welfare proposal. We believe the proposal is unpopular with the general public and its passage seems very doubtful.

Proposal No. 1. This amendment if adopted will provide for a four-year term of office for the following county officers: Prosecuting attorney, sheriff, clerk, treasurer, and register of deeds, to take effect January 1, 1939.

The question is plain and needs no interpretation.

Proposal No. 2. This amendment if adopted, will provide for the appointment of supreme court justices by the governor from the name or names submitted to him by the judiciary commission, which commission shall be composed of one supreme court justice, one circuit court judge, one probate judge, three members of the state bar and three electors of the state not licensed to practice law. Such a commission should be well informed about the qualifications of a candidate for nomination. These nominations may be rejected by the governor should he not approve the person nominated.

Proposal No. 3. This pertains to moneys received from gasoline tax and motor vehicle plate taxes paid by motorists. Adoption of this amendment will require that all gasoline and weight (license plate) taxes collected from motorists for highway purposes continue to be used for such purposes. It does not apply to any other taxes. It does not grant any additional taxing power to the legislature, nor restrict the right to change rates and methods of allocation for such vehicle taxes.

People who understand the usual tendencies of public officials are to spend all the money they can get their hands on. By the passage of the above proposal (No. 3) this tax money must be preserved for highway purposes only. This money comes from motorists who use the highways and should be used for highways only. Vote No on the 3rd proposal.

Proposal No. 4. This naturally appears at the bottom of the ballot. Our readers have heard plenty about it and it hardly seems necessary to offer further comments, except to say that it should be voted down and the next legislature be privileged to draw up a welfare law that is fairer to the people. It is the general belief that the sponsors of the proposal are those who expect to hold executive positions in the proposed setup.

Vote No.

Return of Business To Main Streets Predicted

Chicago, Ill.—A revival of business activity on America's Main Streets and a reawakening of business in the smaller cities and towns in every state was predicted if Congress will enact the General Welfare Act during the coming session. The prediction came from Dr. Francis E. Townsend, president and founder of the Townsend National Recovery Movement with national headquarters in this city.

"The business of our small towns, which has been dying out for a number of years, will be rehabilitated beyond all expectations if we can bring enactment of the Townsend Plan Bill," he commented.

"The reason for this statement is clear. Our program calls for the equal distribution each month of a large tax fund to those citizens past the age of sixty who will agree to retire from employment. These people number about a hundred persons to every thousand of population in every community. In a town of 1,000 persons, for example, there are about 100 who are past the age of sixty eligible to receive this federally provided annuity. Census figures prove this.

"The General Welfare Act, of course, does not promise any set annuity or pension. It merely promises the prorata distribution of the revenue derived from 2% transaction tax to those persons past sixty who are eligible for the retirement annuity.

"Let us suppose that the amount is only \$100 to start. Then, in a town of 1,000 persons, approximately \$10,000 additional would be spent with its merchants each month, since the act would stipulate that the annuities must be spent within thirty days.

"What would a payroll of \$10,000

each month mean to the merchants of a town of that size? What would it mean to the bank, what would it mean to the newspaper, the lumber dealer and the building contractor, or to the farm implement dealer?

"We are constantly asked where this amount of money would come from. That too is a simple question. It would come from the large centers of business, where today money is concentrated.

"The cost to the community would be only two per cent of the gross income of all businesses in that community. Most business men would be very willing to pay two per cent of their profits for a monthly payroll in their town of \$10,000.

"Two of the most pointed criticisms of the General Welfare Act, or the Townsend Plan Bill, are without basis. One of these has been that the tax would raise the cost of consumer goods so high that the program would defeat itself. Well, the Territory of Hawaii uses the transactions tax as a general taxing system, and Tax Commissioner William Borthwick has assured me that there has been no increase in commodity prices. Merchants in Hawaii absorbed the tax and they are strongly in favor of it.

"The other criticism has been that this plan would take the income from one class of people to give it to another. That is not true. Each month a small percentage of business income is thrown into consumer channels under this program. The merchant gets that income back within thirty days through the sale of more merchandise. By this program we return to people the power to buy the products of industry. If they can buy these products certainly industry and business will not

10 Independence Ave.
Washington, D. C.
July 20, 1938.

Dear Sirs and Brothers:

Occasionally we have an opportunity to show our appreciation for outstanding merit on the part of those who enact the laws of our country. Such an opportunity is now presented to us in the candidacy for re-election of your U. S. Representative in Congress, Honorable ROY O. WOODRUFF. Throughout his ten terms of distinguished service he has maintained a record for ability and integrity equalled by few. The welfare of all his people of all classes is his constant concern. He has never failed our Brotherhoods at critical times, and his valuable counsel and advice have always been of the greatest advantage to us. On his exceptionally fine record in Congress he merits the strong support of every voter in the Tenth District, regardless of party affiliations.

We strongly urge that you all take a personal and active interest in the nomination and re-election of Representative Woodruff to the position he has so ably filled for nearly twenty years. In the language of one of our greatest statesmen, now gone to his reward, "It takes many years of experience to make a Congressman." Our friend has had these many years of intensive training in the complex work of national legislation. Sound judgment and seasoned experience, coupled with the high esteem in which he is held by his fellow Members, have placed him as an influential member of the important Committee on Ways and Means. Such real statesmen will be urgently needed in coming sessions of Congress, and you cannot afford to take any chance of losing the powerful prestige of seniority and position established and maintained by your Representative for the Tenth District and the State of Michigan.

We trust you to handle this matter with all efficiency to the end that all our members, their families and friends, as well as all other working men and women in the Tenth District, go to the polls and VOTE, at the General Election in November, and return to Congress our loyal friend, Honorable ROY O. WOODRUFF.

Miss Dorothy Woodin,
Lecturer, Greenwood Grange,
Harrison, Mich.

Dear Miss Woodin:

I have yours of the 8th, in which you make inquiry concerning the record of your Congressman, Hon. Roy O. Woodruff.

As you know, Mr. Woodruff has served in Congress for twenty years. A great deal of water has passed beneath the bridges since he first came to Washington, and it would require quite a long letter to list his record in detail.

Suffice it to say that in my opinion Mr. Woodruff deserves to be commended as a faithful public servant.

I regard him as one of the ablest and most conscientious members of the House. His mental processes are sure and reliable. He believes in fair play and a square deal.

Very sincerely yours,

Fred Breckman
